EMERGENCIES:

In the event of an emergency if time and resources allow we will try and call you before we take your dog to the vet. However, it is imperative that we have accurate emergency contact information.

While we do not allow aggressive dogs to stay at the Spotted Spa Retreat, fights can and will still occur. Every dog bites, even yours. It is also possible for a puncture wound to happen while your pet is playing. We do our best to find any injuries based on many factors, including supervision, and watching for any notable changes. Sometimes the dogs carry on normally and don't let us know if they have a sore paw or scratch or puncture. In those instances we do have to rely on your knowledge, and attention to your dog to pick up on those things. We are a facility where the dogs play with one another and in the wooded areas.

If we do notice an injury and it is not life threatening we will make a judgement call based on our knowledge and the information you have given us. Any additional information you can give us is always helpful.

- 🐾 The Spotted Spa Retreat agrees to exercise due and responsible care and to keep the premises sanitary and properly enclosed. Your pet will have access to fresh water, be housed and fed in safe and clean crates for both meals and sleeping.

- 🐾 The Spotted Spa Retreat reserves the right to refuse or terminate service to pets/humans at any time without explanation.
- 🐾 Please DO NOT approach our fences or call your dog this will only make our job more difficult.
